**FIRE ON BEACH** — Waveland Volunteer Fire Dept. crew hauled to save Waveland beachfront school early Sunday. Property, formerly owned by late Dick Metzger, was recently purchased, renovated and newly furnished by Jerry Dolchamps of New Orleans and Waveland. Fire was reported at 3:43 a. m. and house severely damaged as result of conflagration. Origin of fire is unknown but some fire marshalls are conducting investigation. (Photo by Ed Fayard, Jr.)

## Outline downtown sewer work plans

### Postoffice now open Wed. p.m.

New Wednesday afternoon hours for the Bay St. Louis Postoffice went into effect this week as part of the U.S. department's program to upgrade service. Postmaster Andy J. Becker has announced.

Similar orders are being received by Waveland Postmaster Walter F. Turcato who is negotiating with regional headquarters in Memphis, Tenn., over addition of two employees which he said will be required by the expanded service. One was needed before this plan was considered, Turcato said.

At Bay St. Louis, the office will be open now from 8:30 a.m. to 5 p.m. Mondays through Fridays and continue Saturday operation from 8:30 a.m. until noon except for money orders on Saturdays. Same operation is planned along the coast, Pigeon Bluffs, for example, will maintain open until 7 p.m. on Saturdays.

With a break in the weather Edward Osborn of C. O. Osborn Construction Co. estimated installation of sewers in the downtown area could be completed in 30 working days. Included in this phase is the area between Uman Avenue and the Louisiana and Nashville Railroad's tracks and between Beach Boulevard and Second Street.

This information was given at a meeting at city hall Tuesday night. Presided over by Mayor John A. Scalfie, officials present included Commissioners J. Cyril Glover and Warren Trumb as well as William Ellington, representing Ocean and White, engineers, Ed Osborn of C. O. Osborn Construction Co., Thomas Shelton from George Consolidated, and John Beulah, Perry Cavanaugh and James Sanders, resident inspectors.

Work on only one block of a street will be done at a time. In addition the construction company said it would backfill and clean-up each day's work before stopping for the night. The street would then be blocked only at the point where the equipment was located.

At the meeting it appeared work on Second and Beach would be done simultaneously but coordinated so as to keep access from the business district open to the highway at all times.

After conferring with Scalfie yesterday, Osborn told the Echo this plan was changed and work on Beach would be completed before Second from Main to U. S. 90 is started.

Now section of Beach to be dug up will be de Montezuma to Uman, after which, one block at a time, the section from de Montezuma to Court. This may occur later next week. Estimated time in working days was given as:

de Montezuma to Uman, four and from de Montezuma to Court, four for each block or 12.

Estimates for work days needed to complete three other sections were given. These were Court Street from Beach to S. Second, seven; Main from Beach to Cuz Street, seven; and S. Second from Main to Railroad. Work will not be done on Court and Main at the same time.

By next week Osborn expects to work out a system whereby the local papers will be given the following week's tentative schedule. On the invitation of Postmaster Andy Becker the firm also will try to give Becker a daily report, which the postmaster said he would put on the post office bulletin board.

## Let \$35,000 job to clean beach

L. S. Stockstill, Baton Rouge, La., contractor has been awarded a \$35,000 contract for the purpose of clearing hurricane Betsy debris from the beaches of Hancock County, it was reported Tuesday by the Mobile office of the Corps of Engineers.

R. C. Marshall, U.S. Army district engineer, said the area involved is along the rim of beach front between Bayou Caddy on the west and the Bay St. Louis - U.S. 90 bridge on the east.

The contractor is to commence work immediately and complete the job in February. He is to remove seaweed, downed timber, logs, stumps, pilings and other foreign matter which can be handled by mechanical equipment. Hand labor will be utilized to remove foreign matter from the seawall front property and around box culverts.

Clearing limits have been defined as, in the case of the seawall, from its top to 200 feet seaward from its top and, (Cont. on Page 5-A.)

## Monsoon season, it seems

No, it wasn't Ground Hog Day on Sunday though you might be inclined to think so from the behavior of the weather ever since.

Through Wednesday morning, some 4.5 inches of rain had spewed on Bay St. Louis since the weekend and the forecast is for more of the same.

Brother Robert who handles the weather observations post at St. Stanislaus College recorded the heaviest fall Wednesday morning when the reading was 3.20 inches for the 24 hours, Monday's reading was 1.05 and Tuesday it was .27.

No records were available from the U. S. Weather Bureau at Mississippi Test Facility since it was moving day for that force Wednesday but the public information office said 90 per cent of the 1,250 construction and installation personnel were off the job because of the rain.

It was a three-day work loss outside, according to Capt. Charles Eastburn, press officer for the Corps of Engineers at the site. This was the first time in months when the test site has acknowledged rain and mud have hindered construction.

Roads around the site were filled with water and the four-lane construction both north and south of the site was at a standstill. Several strips along Texas Flat Road were repaired under.

Bay St. Louis was bogged down with its sewer and water construction work. Rain also halted that activity.

## Sick call stops 66 appointments

Appointment of all county health officers for 1936 was deferred by the board of supervisors at its first meeting of the year Monday because of a number of sick calls. The board, which met at 10 a.m. in the hospital, and adjourned until the next meeting. The board was called up all day long in last record time and reported in satisfaction to meet again this coming Monday.

Health Supervisor H. G. Dean, assisted by Delph G. Dean, Jr., of Bay St. Louis, reported that 66 appointments were made for the year. Dean, Jr., explained that the board was called up all day long in last record time and reported in satisfaction to meet again this coming Monday.

and calling for the county school board and county superintendent of education to proceed at once with expansion of the Pearl River Junior College. The school board, which met at 10 a.m. in the hospital, and adjourned until the next meeting. The board was called up all day long in last record time and reported in satisfaction to meet again this coming Monday.

On the recommendation of County Superintendent Robert F. Leitch, supervisors appointed Oscar H. Dean of Bay St. Louis to be a five-year term on the Pearl River Junior College board of trustees succeeding the late S. P. Powell of Carriere.

Persons interested in securing a crossing of Interstate 10 for the Pearl River Road should forward pertinent information to the Road Highway Department in Jackson, supervisors were informed in a letter from C. E. Mainwaring of the Federal Bureau of Public Roads. This was in reply to the supervisors' promises of clearing off the road, locally known as the Nipaleno Road, by the Interstate project. He noted that the state department and federal bureau are co-operating in engineering and construction on the road for grade improvements along the Interstate.

Supervisors approved and forwarded to the State Agricultural and Industrial Board an application from Industrial S. P. Powell of Carriere.

## Waveland chats on zoning, school tax

Waveland Town Council whipped through a short agenda Tuesday night before recessing until 7:30 p. m. on Thursday when it will sit as a board of adjustment to consider a rezoning petition for property at Beach Boulevard and Waveland Avenue.

Aldermen accepted a \$14,000 cashier's check of J. M. G. Parker, Jr., in lieu of a performance bond for completion of public improvements in Clites sub-division under plans filed last July.

Subsequently they received a report on the planning and zoning commission's hearing of Dec. 10 which recommended finding Parker for failure to abide by the town ordinance which requires building permits to move buildings.

Aldermen discussed amounts of a fine since there may be the first levied under Ordinance 30 and Mayor Gerald Linder suggested he consult with the town attorney before imposing any penalties in the case. The ordinance provides a fine up to \$100 or 30 days for each day of the offense.

## On county schools

## Seek re-bid

County school trustees, faced with replacing Leguena School, the oldest of the county's schools, which was built in 1904, are seeking a re-bid for the building. The school, which is located on Highway 1, is in poor condition and the trustees are seeking a re-bid for the building. The school, which is located on Highway 1, is in poor condition and the trustees are seeking a re-bid for the building.

In an effort to obtain maximum federal funds for their system, trustees would accept a Washington, D.C., suggested amendment to their design-plan (which was also approved by a proposal from Robert D. Leitch, chairman of the trustees, who has been in charge of the school system since 1934). The trustees are seeking a re-bid for the building.

Trustees intend to commission, although they may not be able to pay the bill for such a survey, until they have had more time to consider all aspects involved in such an undertaking.

**DISPLAY SIGNS** — Pickers outside Valena C. Jones School on Tuesday display signs calling for resignation or suspension of principal J. S. Price. One day protest march was called by Veterans Civic Organization and was led by Johnny Wallace, Jr., chairman of organization, left, and Rev. J. C. Peters of Gulfside Methodist Assembly standing next to Wallace.

For supervisors

## Assessment hike may jump salary

A \$600 a year pay hike is in the offing for the board of supervisors as a result of the county's jump into the \$20 to \$25 million assessment class.

Incomplete figures put Hancock now at an excess of \$22 million against \$17 million in 1965. State law provides that in its present category supervisors are entitled to pay of \$4,200 a year.

When the board last month examined the pay scale on the matter Monday it found that under the 1965 assessment they should have been getting \$4,800 annually. That's the pay fixed for counties between \$15 and \$20 million.

However, it developed that the supervisors are still drawing on the \$3,600 rate which prevails in counties between \$10 and \$15 million. There's also

come questions about whether the gas and oil assessment can be counted when the total assessment exceeds \$15 million.

R. G. Hubbard, president of the board, is to check the situation with the board's attorney before a decision is reached.

## Juveniles suspected in break-ins

City police are investigating a rash of break-ins and attempted break-ins seemingly perpetrated by some very small thieves last Thursday night.

According to Bay St. Louis Police Chief Lathan Garrigan the group gained only a small amount of change in the robbery, but damaged locks or broke the windows of six establishments. They also succeeded in entering Fahey Drugs, Meyer's Cash Grocery and Bay Bicycle Shop, but only beat locks on Sam Benigno's, A. and J. Foods and the Frostop.

## WINS CONTEST

Mrs. Carl Ledner, Hancock County Selective Service clerk, is a district winner of an essay contest sponsored by the systems' state headquarters and judged by the National Incentive Awards Committee. Three awards were captured in the 17-county southern district and cash prizes are being forwarded.

In other action the board authorized advertising for a tractor-trailer for the seawall on the motion of the Beat 1 member supported establishment of a Coast Better Business Bureau as proposed by a Gulfport group and notified the State Tax Commission it opposes a homestead exemption rejection of several years ago after the property owner in question appeared in protest Monday. Release of the performance bond for improvements to Oak Harbor subdivision was postponed until Dean can be consulted. Dues of \$350 to the state supervisors' association were approved.

December bills were approved after the luncheon recess. Hubbard questioned paying the county engineer's office from the seawall for preparation of plans for the Ansley state aid road project. Keller said that had been the practice for several months. The \$13,956.45 general fund docket included \$1,267 for the 1964 state audit which required 84-1/2 days as well as \$607.50 for prisoner food for 75 jail cases. Of the total the sheriff had 37 cases, the highway patrol 20, Bay St. Louis 11, constables 6 and a Florida sheriff one.

The sheriff also informed the board that the civil defense teletype was removed from his office Nov. 1 and the county is no longer paying rental on the equipment. Bay St. Louis and Waveland terminated their contribution at the same time.

at both public meetings called to seek his removal, reported on Wednesday that attendance at his school had been about average throughout the march even for the usual number of rainy day absences.

The petition, which called for a change in the Valera C. Jones School's administration, also cited as needs for the school the inclusion of a foreign language in the high school curriculum, a counseling program that will help students during their high school career and prepare them for college, better heating facilities including heat in the halls, improved restroom facilities, some system of keeping root rooms clean that is not based solely on the delinquent students, better teacher-pupil, principal-pupil, principal-teacher and parent-principal relations and a traffic guide.

Postoffice... (Cont. from Page 1-A) Fridays now and closing all day Saturdays. Trains have been back on full mail service since early December after being out for several months after Hurricane Betsy's damage to the tracks, Becker reported. However, because some trains no longer fit in with the city's delivery schedule some changes are anticipated, he added. Closing time remains 35 minutes before departure time for all outgoing mail by both train and truck.

The postmaster noted some delays in local delivery have resulted from the city's sewer and water main installation program which has torn up a number of streets. "After two days, we manage to get in one way or another," Becker declared, although he acknowledged some streets have been in such shape that the mailman hasn't been able to make deliveries for four or five days.

Re-bid... (Cont. from Page 1-A) future years. The notice will be distributed to all students attending school in the district or mailed to their homes.

## Betsy, streets delay 1965's closing play

Because of Hurricane Betsy's damage and condition of city streets, the Little Theatre will present its final play of the 1965 season in February, 1966.

Light Up The Sky will be given Thursday through Sunday, Feb. 3-5, at the Boardman Avenue playhouse. E. M. Briggan, theater president, announced this week in calling the annual membership meeting.

The season will be at 8 p. m. Friday, Jan. 14. A new act of by-laws designed to streamline the organization and increase the board of directors will be presented for approval.

Since the membership meeting will take place before the last play of the season, award for the best play of 1965 will be announced at the theater during presentation of the first play of the 1966 season.

# Jurors called for court term

They will be called to court for the grand jury term on Monday morning by Judge Leslie H. Grant at the opening of the January term of Circuit Court.

There are 20 cases already on the criminal docket, according to records of Clerk Lamar Ode, the bulk of them being carried over from previous terms of court. Six of them being John Doe warrants. Two appeals from Justice of Peace rulings also are listed. Baby Linder on a conviction for kidnapping, and John Collins, Jr., on a charge of assault and battery on a woman.

The civil docket contains about 120 cases to the indication it will be a busy term. Summonses have been issued for duty on the grand and petit juries to the following:

Rank 1—Promoted Kennedy, Leo C. Lecher, Richard W. Evans, Jr., Richard Boyd, John J. Ramey, Ben Christensen, Jr., Arlo Sprain, Earl Helms, Richard Edwin Curvas, Joe Vines, Glen Patrick Darr, James Torsell.

Rank 2—Norman Miller, John J. Fennell, James H. Harkins, Robert A. Hinkle, Royce F. Martin, Billie W. Miller, Charles E. Malloy, Bruce Gilmer Jones, Eugene Lemont Wells, Roy Welch, Bobby McQueen.

Rank 3—Gloria Curvas, Jack E. Curvas, Aaron Lecher, Dennis M. Martin, Earl Clinton Lecher, Albert Westwood Darr, Paul Harrell, W. L. Anderson, Morley Malloy, Jr., Jerry Shaw, Lavonia C. Lecher.

## Couple is wed Christmas day

The marriage of Miss Gloria Argentina Salter to Perry Eugene Watkins of Louisiana took place early Christmas Day at the home of Beat 5 Justice of the Peace Nolan Rhoads who officiated.

The bride is the daughter of Mr. and Mrs. Ronald Verge Salter of Cordeiro. The groom's parents are Mr. and Mrs. Joe, Herman Watkins of Des Moines, Ia.

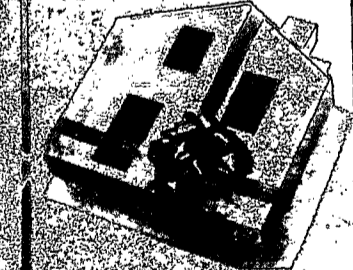

Both attended Monarch North Central School and the guests to the wedding were from the entire family.

## Nurse wins paid trip to Chicago

Mrs. E. K. MacDowell, operating room supervisor at Hancock General Hospital, has won an all-expense paid trip to the four-day American Hospital Operating Room Nurses convention Feb. 22-25, in Chicago.

Sponsored by the Edison Pharmaceutical Co., the contest Mrs. MacDowell entered this fall, which was open to all registered nurses, called for the contestant to give answers to six nursing pictures of operating room work.

**PREPARE FOR ACTION** - March of Dimes volunteers prepare to rally forth and gather in money for campaign. Group collected total of \$328 over first weekend. Reading home and displaying official emblems are, front, Tom McCauley, Jan Walker and Frank Ross, center, Richard Schilling, Jan Jacobs,

Mary Jane Shattuck, Janet Kidd, Kathleen Macaulay, Dawn Krummer, Dale Russell, chairman Lorraine deMontbain and Benjo Hill, back row, John Daughar, Valda Pittclair, Janet Shattuck, Ben Estep, Norman Lamb and Don Freeman.

## Teenagers working hard on '66 March of Dimes

The teen-age program for the March of Dimes got away to a good start over the weekend when volunteers, stationed at strategic locations on US 90 and in the shopping centers, collected a total of \$328.41.

Plans for the month were laid at a meet last Tuesday at the home of their chairman, Dale Russell, assisted by 13 volunteers.

Mrs. T. Tuhary, Hancock County Chairman, talked to the group and outlined the plan for the month.

"During the past year," said Mrs. Tuhary, "the local chapter has paid out \$39,446 for medical research, \$320 for the birth defect center at the University Hospital in Jackson, \$734 for patient care, \$183.24 for an aspirator at Hancock General Hospital, \$44 for transportation of needy patients to the medical center at Jackson and \$39 to the Salt Institute building fund. In addition the fund has provided March of Dimes scholarship awards to John D. Rutherford, III, son of Mr. and Mrs. John D. Rutherford, Jr., of 424 Main St., at the University Medical School and to Ronald Wood, son of a doctor and nurse.

Ronald Wood, Larry Cogswell and Chris Cove spent a wonderful holiday. Ronald went to Tampa, Larry all over the southeastern states and Chris to Colorado.

Happy birthday wishes go to Don Everett and Tony Burch who celebrated on the same day, Dec. 20. Also to Jimmy Rutherford who was 19 on Jan. 2, and Alex Rutherford who was 17 on the 1st.

Sunday Burch had Dec. 30 for his month of active day with the March of Dimes.

in Jackson, and Miss Virginia Mary Bonfiglio, daughter of Mr. and Mrs. T. Bonfiglio of 214 Union St., at the School of Nursing, Louisiana State University in New Orleans.

Attending the meet and participating in obtaining donations were Miss Russell, Kathleen Macaulay and Jan Walker, co-chairman; Norman Lamb, Lorraine deMontbain, Valda Pittclair, Johnny Schilling, Don Estep, John Daughar, Frank Ross, Ricky Schilling, Benjo Hill, Allan Sarraf, Tommy McCauley, Jan Jacobs, Mary Shattuck, Janet Kidd, Dawn Krummer, Donnie Freeman, Brian Russell, Connie Hanks, Lynn Wade, Sarve Davis, Pam Pike, Linda Necaise, Nancy Bough, Jeanne LeGosse and Linda Bonfiglio.

## Polly Peers

J. D's second daughter, born last week, was christened at 4:00 p.m. on Dec. 24. The young lady's sponsors were Mr. and Mrs. Bill Carr.

Happy birthday wishes are on the way to Betty (Mrs. Hargrave) Ode, who sat her cake on Dec. 23, and to Laura Hargrave, who sat her cake on Dec. 24.

## Canine call

Another of our animal-loving friends, Mrs. Wilma Winklerberger called last Wednesday to tell of a beautiful and very rare African imported canine, a female Boxer, who had been playing dead in her yard. The little animal had a red collar and was properly tagged, but as this particular breed is completely unknown, she was afraid someone might think it sick and have it destroyed, so was hoping to locate the owner. If anyone knows the owner the animal, please call Mrs. Winklerberger at 467-5959.

## New Arrivals

From Greenville, Miss., comes the news that former M. S.

C. W. Echo summer intern of almost three years ago, Carolyn (Holmes) Jordan and husband Dennis are now parents. Little Kimberly Michele arrived Dec. 9, weighing seven pounds, 13 and one-half ounces.

The biggest circle around are being passed out by Pearl-ington's Arlio Garcia. After five daughters, Mrs. Garcia presented him with his first son on Monday, Dec. 27. The young man is to be christened Joseph Bernard.

The birth of Collo Res and Joe Schor's first grandchild was printed in the birth announcement section of last week's paper, but we received the news too late for the column. When the Schor's received the long distance call from sea Larry calling them of Catherine Elizabeth's arrival, they were so excited that they forgot to ask birth weight, and even more important, the name of the hospital. So were unable to give congratulatory flowers.

Jan (Mrs. Brown) Mal-lone and Renato Wells report very much enjoying The Very Which is a sequel to Mrs. Juanita Arduana's first novel, Last Days of Oldland Plantation, which she had sent them as a Christmas gift.

Mere get well wishes... to Otto (Dr.) Mallone who was admitted to Hancock General on Sunday suffering from kidney stones, and to Jack Latt who entered the same institution Monday.

The Winklerbergers are at their Beach Blvd. home after first journeying to Phenixville, Pa., where they visited their son Winkler, Jr., now manager of KYW tv in Philadelphia, his most attractive wife Libby and their three sons. While in the area the Bakers met ZoZo (Cont. on Page 7-B.)

# A two million dollar LUXURY APARTMENT COMPLEX for WAVELAND

This will be the largest single project to be presented to the city in its history. This project will mean as much to Waveland as the Kratter development will to New Orleans. Yet all this developer is requesting from the city is a building permit.

\$20,000. 2-bedroom luxury units large swimming pool and patio overlooking the water

Play grounds and private barbeque courts

Private sewage disposal system

All off street parking

Plans and specifications drawn to comply with Waveland regulations

Financed by conventional loans.

JACK C. DOOKER AND ASSOCIATES, Developer

## WAVELAND PROPERTY OWNERS

*this is our opportunity to bring life and beauty back to our waterfront.*

WHAT A 100 UNIT, TWO MILLION DOLLAR LUXURY APARTMENT WILL MEAN TO THE CITIZENS OF WAVELAND:

What a 100 unit, two million dollar, luxury apartment will mean to the citizens of WAVELAND.

1. The Jack C. Dooker apartments, "CHATEAU DE LA MER" located on the east side of Waveland Ave. and Beach Blvd., will consist of 100 luxury units with every modern convenience including a large swimming pool and off street parking. It will also have its own sewage system and in every way upgrade the area.

### DEFINITELY FINE RESIDENTIAL ONLY

2. There will be no stores, restaurants or any commercial facility included in the project.

### NEW BEAUTY FOR OUTWATERFRONT

3. It is important to Waveland that the old building now on the property be removed, due to its size and condition it isn't likely that any one would spend the money necessary to purchase the property and to put it back into a single family dwelling. Only an apartment complex could utilize the property and in making this decision the citizens of Waveland will be upgrading the area.

### TWO MILLION DOLLARS SHARED

4. During construction two million dollars will be shared between the building supply companies and the residents of this area. Of this sum approximately eighty thousand will be paid to the city and city in cash tax alone.

### CAN WE AFFORD TO BE DIFFERENT?

5. After completion it is estimated that the apartment will pay FIVE PERCENT OF THE TOTAL WAVELAND PROPERTY TAX. Excellent residential areas in all cities have fine apartment complexes to help spread the tax burden.

6. The Waveland Water and Gas Co., will receive approximately \$2000. per month for services supplied plus a large additional amount in revenue when the city sewage system is installed.

### MORE REVENUE FOR ALL

7. The 100 families this building will accommodate will spend with the local merchants approximately fifty thousand dollars per month.

### CITY AND STATE TO PROFIT

8. The city and state will receive in sales tax from this amount spent over and over some six or seven times, approximately \$175,000.00 per year.

### NASA MADE THE DECISION FOR US - WE CANNOT STAND STILL

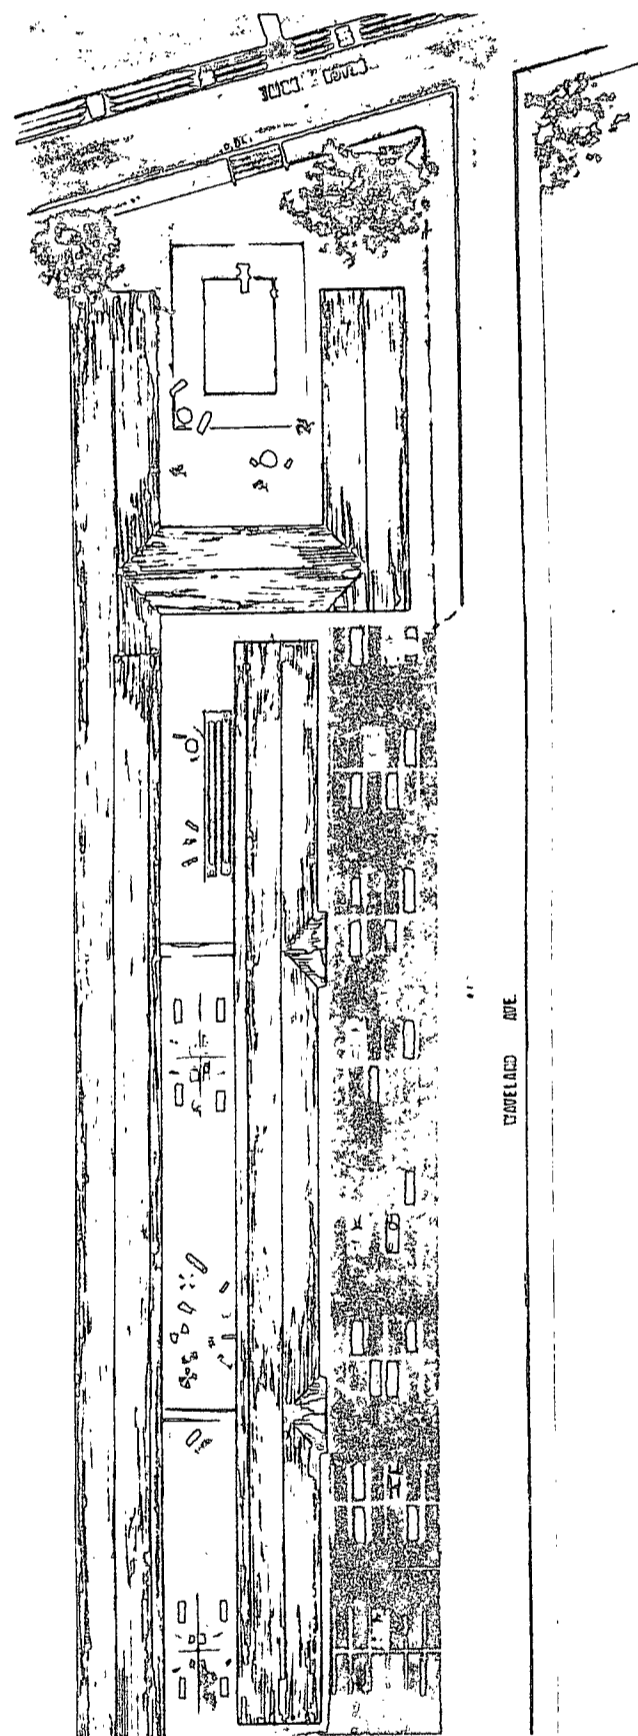

9. The need is here now for more schools, better roads, sewage systems etc., these we must have and these will increase taxes. It is essential that we have accommodations of all types within our city limits to place these families in to help pay these taxes. The families living in these apartments will grow in a very short time to be one of us, their children will attend our schools, churches etc and make friends with our children. The parent will soon grow to love the friendly, helpful attitude of all the people in this area and will in nearly every case after a year or so purchase a home and become permanent tax payers in the city of Waveland.

### INCREASE ALL PROPERTY VALUE

10. This increase in home sales will increase all property values, there will be approximately three homes sold to every one sold to-day or an increase of personal property sales of over two million dollars per year.

### THIS FACILITY IS A MUST!

11. It is well known that every community must have one or two of every type of merchant and facility to operate successfully, this is our chance to have this very essential facility that we now lack. Let the newcomers know they are welcome and that Waveland excels in good Southern hospitality.

Let the newcomers know they are welcome and that Waveland excels in good Southern hospitality. DO NOT FUMBLE THE BALL!

**Come to the open hearing Thursday, Jan. 13, at 7:30 p.m. Waveland Town Hall**

Let the board of adjustments know you would like the small area changed to multiple family in lieu of single family to enable the city officials to issue this building permit.

If you can not attend this meeting and would like to do your part in the interest of good healthy progress in your city. FILL IN AND MAIL

**FROM WAVELAND** - Color guard from St. Clare's School in Waveland precedes classes of uniformed students taking part in Veterans Day parade last November. School was judged to have made the best use of those participating.

**FIRST DOUT** - A right to head of Carnes' David Slade proved successful for Ferdinand Bilbo as young scrapper scored unanimous decision and won his first contest last summer.

**QUICKY SACK RIDE** - Allowing for an oddity of sizes this is still a fairly large group but, as the girls say, "Once you've worn a gummy sack, who cares?" Seen here at Hancock North Central last fall during initiation proceedings. Sack pushovers here are Nancy Hall, left, Frances Merma, Donna Hall, Susan Lee, Sandra Shaw and Eddie Hall (Photo by Bob Hubbard.)

**LUCKY BILLY** - "What a job!" moans Bay High girls' basketball coach Billy Ellis, as he poses with his pretty, vivacious 1965 Tigeress in Bay High Stadium after they beat Harris Central 35-33 November 20. From left are, first row, Sherry Dean, Pili White, Marlene Compton, Denise Williams and Pat Pernicelli; second row, Cathy Wyman, Deanna McDonald, Brenda Nichols, Sally Fortier and Ann Perkins; third row, Christine Everett, Nancy McDonald, coach Ellis, Cathy Everett and Ellen McDonald.

## Wendell Ladner smashes single game scoring record

All-state Hancock North Central center Wendell Ladner led his team to a 74-50 victory over the...

time he broke the school's all-time scoring record hitting the basket for a record 29 points.

as the Hawks came from behind to beat the highly-rated Northwest Jones 74-50 in a special all-state championship game.

It was an exciting contest all the way. Jones took an early lead and played ahead for two quarters but Wendell and his mates rolled in the final frame to pull the game out of the fire. Quarter scores were 15-14, 23-22, 14-20 and 17-24. It was all Northwest Jones in the first half but coach Roland Ladner's intermission pep talk apparently did the trick and it was all North Central in the second half.

O. J. Peterson and Douglas Neece, members of the state championship Hawks, a few years ago, shared the previous school record with 64 points.

The Hawks had started the ball rolling when they edged the Jones girls 25-24 in the preliminary, all-state Valerio Malley clinching for 11 points. Pam Winham also had 11 for Northwest.

Star five Wendell was the only Hawk to hit in double figures, the others concentrating on sparkling defense and floor play. Coach Ladner gave credit especially to Worlin Ladner, Kenny Randall, Paul Cuevas, Clark and Jerry Smith, Kenneth Heda and James R. Musgrove and T. Bush produced 24 and 20 points respectively for Northwest.

## Echo Stars glitter in Kiln match

St. Williams, Treport, Echo Stars and Kiln met in the last game of the first round of competition in the Annunciation Basketball League Sunday at Kiln.

White Cypress failed to show and St. Williams was declared winner of the game. Treport had little trouble with Lizana, leading a half-time lead of 35-30 and winning 71-42. Northwest took scoring honors for Lizana with 23 and Gordin topped the Treport with 20.

Behind Smith's fine shooting, he scored 30 points, the Echo Stars topped Colono Gold 97-81. Brother Ray Howard jumping in 22 for the leaders. In the final Kiln overpowered Colono Green 61-64. Brother Bob Howard, rovin brother of Brother Ray, clinching for 24 for the Greens and Hoda and Neece scoring 14 and 12 respectively for the winners.

Wednesday it was Lizana all the way as they beat the Echo Stars 63-59 in a make-up game necessary to even up games not played. One more make-up will be played, the Stars meeting St. Williams on a date to be announced. Thursday was high for Lizana with 19 while Kennedy hit for 15 for the Echoes.

Standings at the end of the first round are Treport, 6-1;

St. Williams, 5-1 Kiln, 5-2; Colono Gold, 4-3 Echo Stars, 3-3 Lizana, 2-3, Colono Green, 1-4; and White Cypress 1-4. Sunday's games were 12:30 p. m. Lizana vs. Echo Stars which will give the Stars an opportunity to revenge last Wednesday's defeat; 4:45 p. m. Kiln vs. Treport in a game that should be a thriller; 9 p. m. St. Williams vs. Colono Green and 4:15 p. m. White Cypress vs. Colono Gold.
